## Dan Kunde

6'5"

senior forward in 2005-06

**Dan is a captain who averaged 15ppg and 10 rpg and led us to a 19-4 record and a conference championship as a Junior.**

Dan Kunde has a 3.3 GPA in college prep courses. He is an outstanding student athlete. Dan is a very good ball-handler and played a 3 for us on offense. He is athletic and was an all conference selection as a sophomore and as a Junior. Dan has a **love** for basketball and **works** very hard to be the best player he can.

I have coached basketball for 18 years. During this time have had 10 players move on and play at the college level in division 2, NAIA, and division 3. I believe Dan has the basketball skill level, desire, work ethic and academic background to be successful in your program.

Dan Kunde is an **outstanding young man** who will work very diligently to achieve his goals. He is a team player who will do what it takes to win and has been an outstanding leader on our HS teams. He is tall and I believe he will continue to grow and mature physically. He is also a great shooter –He shot 55% from the floor his Junior year and 39% from the three point line. He led our team in Made threes and Rebounds. I would highly recommend that you consider Dan Kunde when recruiting this year. He will be an excellent addition to the college basketball program he chooses.

If I can be of any further help please let me know.

Sincerely,

Mike Miller

Varsity Basketball Coach
